Beast and Man

The Roots of Human Nature
Mary Midgley

In "Beast and Man," Mary Midgley challenges the idea of human exceptionalism, emphasizing the similarities between humans and animals. She argues that humans share many traits with animals and highlights our primitive nature compared to animal sophistication. The book has influenced our perception of ourselves and the world, prompting a shift in thinking.

The Jargon of Authenticity

Theodor Adorno

Theodor Adorno criticizes existentialist thinkers like Heidegger for using language that clouds rather than clarifies thought. He argues that this jargon undermines the message of freedom and authenticity it seeks to convey, failing to address the lack of freedom in a capitalist society. Adorno highlights the connection between language, ideology, and societal values.
